Protection of our Religious Freedoms

Dear Sir or Madam, or Dear Mr. Surname or Dear Miss/ Ms./Mrs. Surname,

As a member of your constituency, I want to understand where you stand on ensuring proper legislative protections for religious freedoms in Australia.

Personally, I am deeply concerned with [use as much space as you need]

.....
.....
.....

I invite you to carefully consider the genuine concerns of people from all faiths across Australia who are calling for government responses that will put religious protections into commonwealth law for schools, churches, charities, businesses and organisations etc. In this litigious society, individuals are also in need of protections in law to protect them from religious discrimination in their employment and to safe-guard their jobs and livelihood.

I thank you for standing up for freedom of speech and freedom of religion and trust you will take prompt action to address these important human rights issues.

I look forward to hearing how you will contribute to the protection of our freedoms. As this was such an important issue in the last Federal election, I am seeking assurance that the government will legislate a strong and robust **Religious Freedom Act** which will build voter loyalty in the future.

Yours faithfully,

(Actual hand signature)
